## PROFILE

AI Developer with strong expertise in full-stack web development and AI/ML systems, and content management systems such as WordPress and Joomla. Proficient in Python, TensorFlow, and PyTorch, with experience in developing AI-based solutions. Skilled in mobile and web development, with a background in creating and maintaining web applications using JavaScript, React.js, and Node.js. Strong knowledge in AR/VR systems, highly collaborative, and able to deliver innovative software products on tight schedules.

---

## KEY SKILLS

- **Content Management Systems:** Familiar with WordPress, and Joomla
- **AI & ML Expertise:** Experience designing AI/ML systems using TensorFlow, PyTorch, and Keras.
- **Python Programming:** Proficient in Python for AI/ML model development.
- **Web Development:** Proficient in HTML, CSS, JavaScript, React.js, Node.js, PHP, and Next.js.
- **Programming:** Python, C, C++, C#, Java, Oracle.
- **Databases:** MongoDB, MySQL.
- **AR/VR Systems:** Familiar with interactive AI prototypes in AR/VR systems.
- **API Development:** Expertise in designing and implementing RESTful APIs for efficient data communication.
- **Version Control:** Git, GitHub.
- **Operating Systems:** UNIX, MS Windows, Mac.
- **Applications:** Microsoft Office Suite, Project, Publisher.

---

## HIGHLIGHTS OF QUALIFICATIONS

- **Content Management:** Developed and managed websites using WordPress and Joomla.
- **Math Expert for AI Training:** Evaluated and ranked AI-generated mathematical content for accuracy and relevance.
- **Full-Stack Development:** Developed web applications using JavaScript, React.js, Node.js, Python, Pyspark, SQL and MongoDB.
- **Technical Documentation:** Created and maintained comprehensive documentation for software and AI projects.

- **Problem-Solving & Debugging:** Strong analytical skills in resolving complex software and AI-related issues.
  - **API Design:** Implemented RESTful APIs to enhance data communication and integration.
- 

## Website Admin

Al-Mahdi Centre – London, ON

2024–Present

- Managed website migration and domain hosting using both Joomla and WordPress.
- Provided technical support and content management for the website.
- Collaborated with stakeholders to define project goals and deliverables.

## Full Stack Developer

Windsor Renovation to Perfection – Windsor, ON

2023–2024

- Developed web applications using WordPress Framework and RESTful APIs.
- Collaborated with cross-functional teams to deliver software products.
- Assisted in debugging software to ensure system reliability.

## Technical Support Assistant

Baqer Net – Waset, Iraq

2017–2019

- Provided technical support for Windows operating systems.
  - Assisted clients in troubleshooting and resolving technical issues.
- 

## EDUCATION

*Advanced Diploma in AI Software Engineering Technology*

Centennial College, Scarborough, ON

2022–2025 (Expected)

GPA: 3.9
